

Without a contract, Delta Corporate reserves the right to change anything it likes, at any time and without our consent.

This even applies to something so personal and important as the medication we, or our family members, rely on.

When Delta Corporate raises the price of prescription drugs, that's a pay cut.

With an IAM contract, Delta Corporate would not be able to modify our prescription drug plan without our agreement.

It's that kind of security we deserve that Improves our Quality of Life.

Sign a card today,  
IAM Delta

**Our prescription plan shouldn't be a roll of the dice.**
