Delta Corporate
implies that we start with
nothing in negotiations.

Really?

Delta Corporate wants us to believe that when we unionize and begin negotiations, we start with nothing. Actually, nothing could be further from the truth. We start negotiations with what we currently have.

Once unionized, Delta Corporate cannot discriminate against us and arbitrarily change our terms of employment.

Doubt is a very powerful tool, and Delta Corporate clearly understands the nature of doubt. It wants us to believe that leaving all decision-making power in its hands is less risky.

Here's the truth. Having a mature relationship with Delta Corporate—one that is rooted in respect and equality—will benefit all of us. Respect and equality is something we deserve today. More at www.iamdelta.net
