

\$64.73 with a voice

That's the industry leading top scale hourly wage for SWA Flight Attendants on 1/1/15 (Trip For Pay rate X 1.15 = hourly wage).

Even if Delta gives us a 10% increase, that takes us to \$56.60 per hour, *still* 14.4% behind industry leading.

Delta is by far the most profitable US airline, we are the most productive Flight Attendants and we have among the best customer satisfaction ratings in the industry.

We should not be behind ANY airline.
